Rx for Miracles

A PRESCRIPTION FOR MIRACLES!

Help your patients save money and help your local Children's Miracle Network Hospital!

This program provides free Rx savings coupons for both Brand and Generic medications, requires no enrollment, and is open to everyone. A donation will be made to your area Children's Miracle Network Hospital each time a prescription is processed through the program. These donations provide charitable care, child life programs, research, technology and equipment that help kids get better.

1 out of every 10 children in America are treated by a Children's Miracle Network Hospital each year!

Children's hospitals are special because they offer care and equipment designed just for kids. And, as great as these hospitals are, they need our help to ensure that every child has a fighting chance. We are counting on you, the healthcare professionals to lead the way!
